1 Introduction

This document is a guide to market participant registering with ACM in accordance with Article 9 of REMIT using the Central European Registry of Energy Market participants (CEREMP). CEREMP is a web-based system developed by ACER and national regulatory authorities including ACM.

1.1 What is REMIT?

REMIT¹ is a European regulation designed to improve transparency in wholesale gas and electricity markets. REMIT prohibits market manipulation and trading on inside information in wholesale energy markets.

Article 9 of REMIT imposes an obligation on wholesale energy market participants entering into transactions that are required to be reported to the Agency to register with the competent National Regulatory Authority (NRA).

1.2 Which market participants are obliged to register?

According to Article 9(1) of REMIT:

“Market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) shall register with the national regulatory authority [...].”

According to Article 2(7) of REMIT:

“market participant” means any person, including transmission system operators, who enters into transactions, including the placing of orders to trade, in one or more wholesale energy markets.”

In Chapter 3.4 of ACER Guidance (4th edition), the Agency provides its understanding of the notion of market participant as defined in Article 2(7) of REMIT.

Market participants only have to register once, with a single NRA.

1.3 Which market participants should register with ACM?

According to Article 9(1) of REMIT,

“Market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) shall register with the national regulatory authority the Member State in which they are established or resident, or, if they are not established or resident in the Union, in a Member State in which they are active.”

This means that:

- Market participants that are established or resident in the Netherlands should register with ACM.
- Any market participant that is not established or resident in the European Union and is only active in the Netherlands (i.e. trading products for delivery in the Netherlands) should also register with ACM.

¹ Regulation (EU) No 1227/2011 of the European Parliament and of the Council of 25 October 2011 on wholesale energy market integrity and transparency.

- Any market participant that is not established or resident in the European Union and that is active in several Member States can choose which Member State to register in. If most of its activity is in the Netherlands, it should register with ACM.

1.4 What information should be provided?

On 26 June 2012, the Agency adopted ACER Decision No 01/2012 relating to the registration format pursuant to Article 9(3) of REMIT², determining the registration format to be used for the establishment of the European register of market participants.

The registration format consists of five sections:

- Section 1: Data related to the market participant
- Section 2: Data related to the natural persons linked to the market participant
- Section 3: Data related to the ultimate controller or beneficiary of the market participant
- Section 4: Data related to the corporate structure of the market participant
- Section 5: Data related to the delegated parties for reporting on behalf of the market participant

All market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) are required to provide information as defined by the Decision.

As well as providing this information, market participants must notify us of any changes to it. They can use CEREMP to update any changes.

1.5 When is the deadline for registration to be submitted?

According to Article 9(4) of REMIT,

"Market participants (...) shall submit the registration form to the NRA prior to entering into a transaction which is required to be reported to the Agency in accordance with Article 8(1)."

Thus, market participants must submit the registration form before entering into any transaction which is required to be reported to the Agency.

Consequently, market participants entering into a transaction which is required to be reported in accordance with Article 8(1) of REMIT prior to submitting the registration form may be in breach of Article 9 of REMIT.

1.6 What is the ACER code?

As required by Article 9(2) of REMIT, each market participant registered under REMIT will be issued with a unique identifier (the "ACER code"). The ACER code will enable market participants to report data under Article 8 of REMIT. Market participants will also need the list of ACER codes in order to provide information relating to Section 4 of registration format (data related to the corporate structure of the market participants).

According to Article 9(4) of REMIT, market participants shall submit the registration form prior to entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) of

² http://www.acer.europa.eu/Official_documents/Acts_of_the_Agency/Directors%20decision/ACER%20Decision%2001-2012.pdf

REMIT. The ACER code will be issued upon the transmission for the first time of the information in the national registers to the Agency, in accordance with the ACER Decision No 01/12.

2 Accessing CEREMP: creating a user account

2.1 System requirements

To use CEREMP, the computer must meet the following requirements:

- Minimum screen resolution: 1024x768
- Supported browsers:
 - Google Chrome version 25 or later
 - Internet Explorer version 8 or later
 - Fire Fox version 17 or later
 - Safari version 5 or later
 - Opera version 15 or later

Please use the 'PREVIOUS' and 'NEXT' buttons built into CEREMP to progress through the registration process. Do not use the 'Back' or 'Refresh' buttons on your internet browser as it may result in an application error.

Please also note that it is not possible open more tabs in the same browser. The system locks any type to improper use of platform by displaying of the following message, "Sorry, this operation is not allowed. Probably you are using a multi tab into browser. Close this tab to avoid problems If the problem persists, please login again". In order to continue to use CEREMP system will necessary to log out and log in again in the application.

2.2 New user account

Go to the home page for ACM:

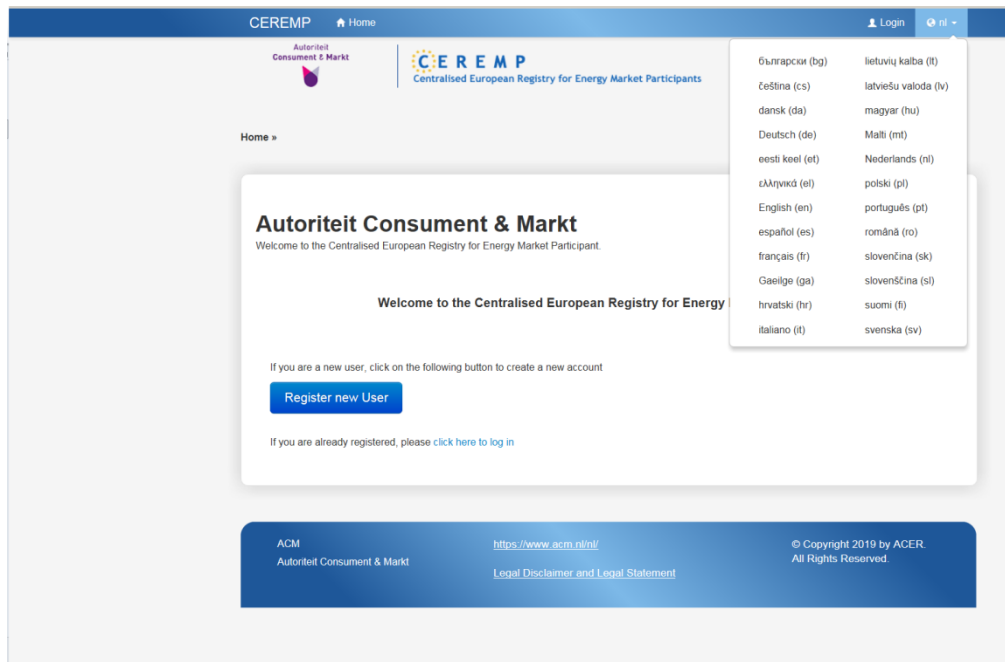

https://www.acer-remit.eu/ceremp/home?nraShortName=19&lang=nl_NL

By clicking on "Register new User" you will be redirected to the user registration form.

The screenshot shows the CEREMP home page. At the top, there is a navigation bar with 'CEREMP' and 'Home' on the left, and 'Login' and a language dropdown on the right. Below the navigation bar, the page features the logos for 'Autoriteit Consument & Markt' and 'CEREMP Centralised European Registry for Energy Market Participants'. A 'Home' link is visible. The main content area is titled 'Autoriteit Consument & Markt' and includes a welcome message: 'Welcome to the Centralised European Registry for Energy Market Participant'. A red, white, and blue flag is displayed. Below this, there is a text prompt: 'If you are a new user, click on the following button to create a new account', followed by a blue button labeled 'Register new User'. A second prompt reads: 'If you are already registered, please click here to log in'. The footer contains the ACM logo, the URL 'https://www.acm.nl/nl/', and copyright information: '© Copyright 2019 by ACER. All Rights Reserved.' and a link to 'Legal Disclaimer and Legal Statement'.

Before starting the registration process, you can manually choose your preferred language from the list of available languages. Default language is Dutch.

The page which allows you to enter details concerning the “Authorised Signatory” of the organisation is displayed.

Fill in the fields ensuring that all the mandatory boxes are completed. Click the "Submit" button to continue creating an account. The information provided will be used to verify your identity.

Please note that the ACM requires new users to upload a document that proves the individual has Power of Attorney to register the company as a Market Participant. Although technically not a mandatory field, the ACM does not accept applications without a Power of Attorney. In the Annex of this manual, a template for a Power of Attorney is available.

Once you have submitted your application you will see a message on the screen confirming that your CEREMP account is now in the “pending activation” status. Please be aware that you will not receive an e-mail that confirms that you have made an application.

A next step is that the ACM checks your application. In case the ACM has any questions, we will contact you at the e-mail address that is filled in at the application. The ACM might request you to fill in a new application that is complete and leaves no questions open.

Once the ACM has accepted your application for a new CEREMP user account, you will receive an activation email, containing your new user account name. **Keep a note of this username as there is no way to get an automatic reminder.** If you forgot your user name, contact remit@acm.nl.

2.3 Activate your account

To activate your account click the ‘activate account’ link in the confirmation email that will be sent to the email address provided in the application:

You must activate your account within 7 days of receiving this email. If you wait any longer than this, your account will be deleted automatically and you will need to restart the process.

Dear *test user*,

your user registration has been accepted. Your username to log in is

If you do not receive a token, please check your spam folder or contact your system administrator.

Once you have logged in, you will see your homepage as shown below. From here you can edit your user profile, register a new market participant or add a new market participant association.

2.5 CEREMP logout

In order to logout from CEREMP system click the “Logout” link available on the top right of the page:

3 Managing your user account

Please note: this section concerns your individual user details. For registering a new market participant or updating market participant details, please see section 4 (new MP registration) and 5 (updating MP details).

3.1 User support

We will provide operational and technical support by email remit@acm.nl.

We will try to provide support from 9.00am - 5.00pm Monday to Friday, but cannot guarantee an immediate response to queries.

When contacting us, please have your user account details to hand, plus details of the market participant that you are registering. We may have to liaise with ACER’s technical helpdesk for national regulatory authorities.

3.2 Forgotten your username?

If you forgot your user name, contact us via remit@acm.nl.

3.3 Forgotten your password?

If you forgot your password you can reset it by clicking on “Forgotten password” on the log-in page.

The screenshot shows the CEREMP login page. At the top left is the logo for 'Autoriteit Consument & Markt' and at the top right is the CEREMP logo 'Centralised European Registry for Energy Market Participants'. Below the logos is the text 'Welcome to the Centralised European Registry for Energy Market Participant'. The main content area is a white box with the heading 'Enter your Username and Password'. It contains two input fields: 'Username:' and 'Password:'. Below the password field is a blue link labeled 'Forgotten password'. At the bottom of the box is a blue button labeled 'LOGIN'.

The “Forgotten Password” link will redirect the user to the “Forgotten Password” form. Enter your username, type the text in the blue box into the “Captcha” box and click on “Submit”. Please be aware that the user name is the 6 digit number and not your email address.

The screenshot shows the CEREMP 'Forgotten password' form. The page header includes 'CEREMP Home', 'Login', and 'nl'. The breadcrumb trail is 'Home » Forgotten password'. The form has a heading 'Forgotten password' and an input field for 'Insert Username'. Below that is a 'Captcha' input field containing the text 'ffmb8' in a blue box. At the bottom left is a 'Back' button and at the bottom right is a green 'Submit' button.

You will receive an email containing a link to reset your password:

3.6 Associating to already registered market participants

A market participant can link more than one CEREMP user to its registration account. Each user needs their own account.

A user can be associated to one or more already registered Market Participants. This is done by clicking the menu item “Association” and then “New MP association” available on the top navigation bar.

The search form page will be displayed:

Insert your search criteria and click on “Search”.

Select, from the displayed list, the MPs you want to be associated with and press the “Send Request” button to register your association request.

The following message will then be displayed:

“Your association request has been sent to all user already linked to MP. You will receive an email at the end of evaluation process. Please note that market participants already assigned to you or already requested to be associated will be ignored”

If your association request is approved by the relevant MP-User, when logging into CEREMP, you will be able to select the relevant Market Participant.

3.7 How to evaluate association requests made by other users

At any time you may receive notifications about association requests, made by other users, to be associated with your Market Participants.

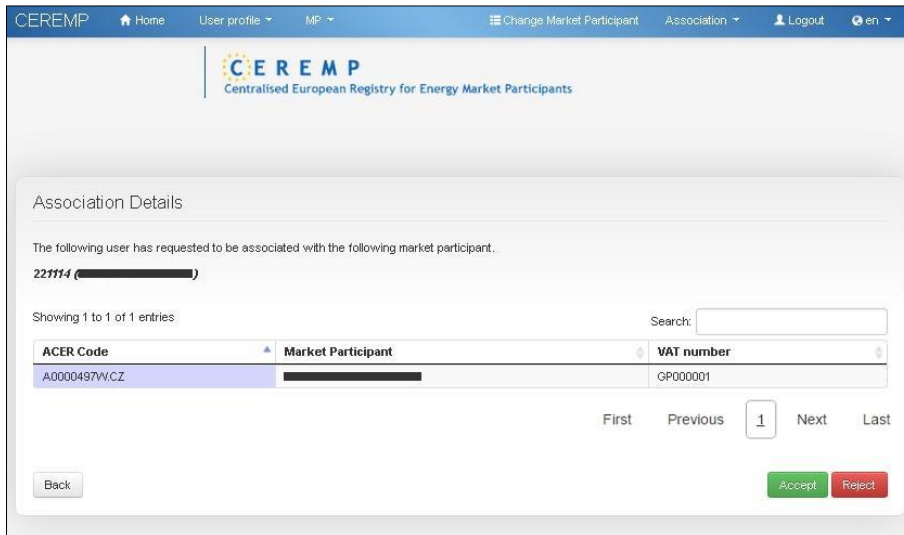

After receiving a notification request by email, you can view the list of pending association requests by selecting the relevant Market Participant, on the home page, and then by clicking the menu item “Association” -> “Association Request”.

If a pending association request is present, the following page will be displayed:

If you select the association request, the page with the association details is shown:

The association request can then be accepted or rejected by clicking the corresponding buttons.

4 New market participant registration

During the registration process you will have to follow five steps by filling in five sections required by the ACER Registration Format.

4.1 Section 1: Market participant information

The person who operates on behalf of the Market Participant should fill in all required fields of Registration Format Section 1:

The screenshot shows the CEREMP registration interface. At the top, there is a navigation bar with 'CEREMP', 'Home', 'User Profile', '+ Register New MP', 'Association', 'Logout', and 'en'. Below this is the CEREMP logo and the text 'Centralised European Registry for Energy Market Participants'. The main content area is titled 'Market Participant Information (Registration Format Section 1)'. It contains several input fields: 'Market Participant *', 'Person Type *' (a dropdown menu), 'Country *' (a dropdown menu), 'Address *' (a text area), 'City *', 'Postal code *', 'VAT number *', 'EIC' (two fields), 'LEI', 'OSI', 'Website', 'Publication inside *' (with a checkbox 'Equal to website' and a text area), and 'Date of validity *' (with a date picker). At the bottom, there are buttons for 'Back', 'Reset', 'Save as draft', and 'Next'.

The number and type of fields depends on the “person type” selection, therefore the form will display additional fields if “person type” is equal to “natural person” or to “legal person”.

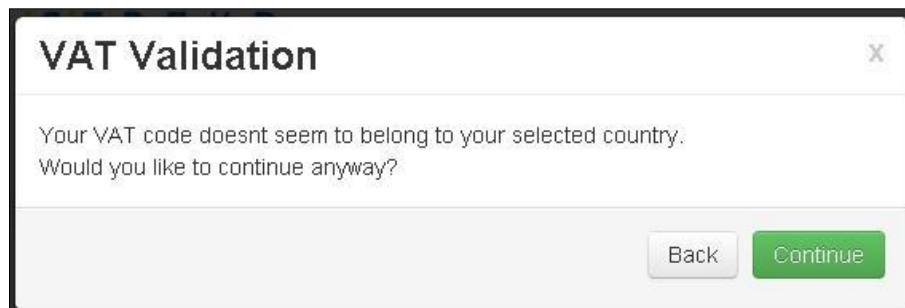

If “Person Type” is equal to “Natural person” the following additional fields are required:

Birth Date	Date of birth (only for natural persons)
Birth City	City of birth (only for natural persons)
Birth State	State of birth (only for natural persons)

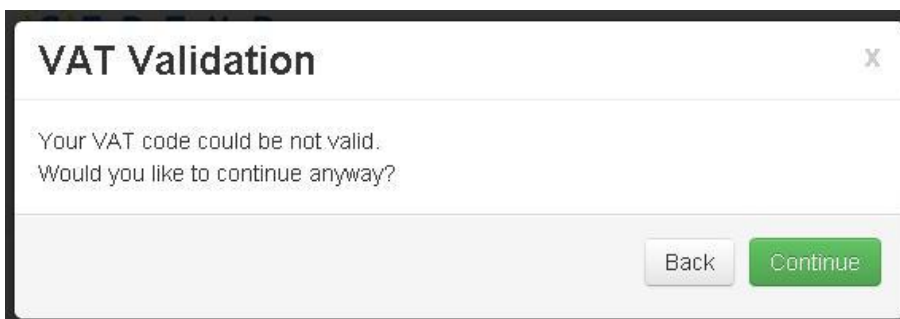

If "Person Type" is equal to "Legal person" the following additional field is required:

Legal Form	Legal form of the market participant (only for legal entities)
------------	--

After entering Section 1, click the "Next" button to go to Section 2. If the entered VAT code prefix does not match the selected country, the following popup message will be displayed:

If the entered VAT code is not included in the VAT database provided by the European Commission, the following popup message will be displayed:

If the entered VAT code is correct, you can proceed with the registration by clicking "Continue".

Publication inside

Please fill in the website where your company publishes inside information. Market participants are obliged to disclose inside information through an Inside Information Platform³. If you do not publish inside information, please fill in "N/A"

4.1.1 Designated representative for non-EU market participants

Market participant applicants from another country than an-EU member state must designate a representative in the Netherlands when registered with the ACM.

The representative:

- Is designated in writing, and is authorized to act on behalf of the market participant;
- Is the point of contact for the ACM, other European national energy regulators, and the European energy agency ACER;
- Must comply with requests from the ACM, other European national energy regulators, and ACER.

³ <https://www.acer-remit.eu/portal/list-inside-platforms#>

Make sure that you have designated a representative already before registering. It is necessary to fill out the representative's details in the CEREMP registration system. When registering the market participant, you provide the following details:

- Person type
- Name
- Whether it concerns a legal or a natural person
- Email address
- Postal address
- City
- Postal Code
- Phone number
- Country
- VAT number
- And there is the option to upload the document with the written mandate between market participant and its representative.

The required information on the designated representative need to be filled out in Section 1 (Market Participant) below the other information of the market participant.

4.2 Section 2: Related people

The Market Participant should add at least three related people to Section 2:

- Contact for communication
This is the natural person that acts as the day to day point of contact for REMIT related issues with ACER and/or the relevant NRA for that market participant. For example, this could be the relevant member of the regulation or compliance team.
- Responsible for trading decisions
This is the natural person that has the senior management role responsible for the market participant's trading functions.
- Responsible for operational decisions
This is the natural person that has the senior management role responsible for the market participant's operations e.g. Head of generation or Head of physical operations.

First Name	Surname	Role

After entering all mandatory information on Section 2, click on "Next" in order to go to Section 3

4.3 Section 3: Ultimate controller information

You can add one or more ultimate controllers or beneficiaries to Section 3:

The following information is requested for each ultimate controller or beneficiary of the MP. The scroll bar on the right will allow you to navigate through the fields to be entered.

After entering all mandatory information on Section 3, click on “Next” in order to go to Section 4.

4.4 Section 4: Corporate structure

You only have to fill in this part if the other undertakings have their own ACER code

Click on “Add Corporate Structure” to start.

After clicking the “Add Corporate Relationship” button the following page will be displayed:

The following information must be specified:

- MP declaring: the read-only name of the MP that you are dealing with is displayed;
- Relation type: choose one of the three available relation types:
 - Parent undertaking
 - Controlled undertaking
 - Other related undertaking
- MP involved: choose one MP from the search form;
- Start date: specify a start date of validity for this corporate relationship
- Additional notes (optional)

First choose the relationship type: select either “parent undertaking”, “controlled undertaking” or “other related undertaking” as appropriate.

To select the market participant involved click on “Search”.

The screenshot shows the CEREMP web interface for the 'Corporate Structure (Registration Format Section 4)'. At the top, there is a navigation bar with 'Home', 'User profile', 'MP', 'Register New MP', 'Association', 'Logout', and 'en'. Below the navigation bar is the CEREMP logo and the full name 'Centralised European Registry for Energy Market Participants'. The main content area is titled 'Corporate Structure (Registration Format Section 4)'. It shows a 'Market Participant is' field with a redacted name and the ACER code '(A00005688.UK)'. Below this, a message says 'Fill in at least one field before performing the search'. There are six input fields: 'ACER Code', 'Market Participant', 'VAT number', 'EIC', 'BIC', 'LEI', and 'OSI'. A 'Back' button is on the left and a green 'Search' button is on the right.

Insert your search criteria and click on “Search”. You will see a list of matching market participants.

This screenshot shows the same CEREMP interface after a search. The 'ACER Code' field now contains 'A00005688.UK'. Below the search fields, a table displays the search results. The table has columns for 'ACER Code', 'Market Participant', 'VAT number', 'Country', and 'City'. One entry is shown with the ACER code 'A00005688.UK', a redacted market participant name, 'number' as the VAT number, 'Haiti' as the country, and 'city' as the city. Below the table, there are navigation controls: 'First', 'Previous', a page indicator '1', 'Next', and 'Last'. A green button labeled 'Select this ACER Code' is located at the bottom right of the table area.

ACER Code	Market Participant	VAT number	Country	City
A00005688.UK	[REDACTED]	number	Haiti	city

Find the relevant market participant and click on “Select this ACER Code”. The selected market participant will be displayed in the “MP Involved” field.

Click on “Save” to add a new corporate relationship.

If you go back to the corporate relationship information page, the status of this relationship will read “Pending added sent”. This corporate relationship will remain pending until the relationship is confirmed by the MP involved.

You will receive an email confirming that the relationship has been submitted. In addition, email notifications will be sent to:

- The national regulatory authority of the declaring market Participant
- Users linked to the declaring market Participant
- Users linked to the involved market Participant
- The contact for communications of the declaring market participant
- The contact for communications of the involved market participant

The user associated with the “market participant involved” will receive an email asking them to log into the system and confirm that the relationship you have entered is correct. Once they have done this, you will receive an email stating that the corporate relationship has been accepted.

On the corporate relationship information page, the status of this relationship will now read as “Confirmed”. The system automatically adds the inverse relationship. This means that only one party has to report a parent-subsidary relationship, and the other merely has to confirm it.

Repeat this process for all relationships between the market participant you are registering and other market participants. For instance e.g. if it is the parent of two subsidiaries, repeat the process for both subsidiaries.

Click the “Next” button to go to the final step.

4.5 Section 5: Delegated Parties

In the last step of the registration process, you can enter delegated parties information. This is related to how the market participant you are registering intends to report transaction data to ACER. This section requires you to select whichever registered reporting mechanism(s) (RRMs) you intend to report through. Alternatively you can indicate that the market participant you are registering intends to self-report by registering as a reporting entity.

Back Add Delegated Save as draft Next

If you intend to report through a third party RRM, click on “Add Delegated”. Clicking the “Add Delegated” button a new page will be displayed for entering delegated party information.

The following mandatory fields should be filled in:

- Name of delegated Party: identifies the delegated party's company
- Date of validity

Then click "save".

Click the "Add Delegated" button again to add more than one delegated party; otherwise, click on "Next" to record your changes.

Market participants who wish to register with ACER for the purpose of becoming a Reporting Entity should tick the relevant checkbox "I intend to register as a reporting entity". This will communicate to ACER (not to ACM) that your Market Participant intends to be registered as a Reporting Entity. ACER will then decide whether to accept or reject the registration. Should the request be accepted, instructions on how to register as a Reporting Entity will be sent to the contact for communications when the registration of the reporting entity will start.

Going forward, the selection of the "I intend to register as a reporting entity" box will make MPs subject to a fee pursuant to Commission Decision (EU) 2020/2152, which stipulates that RRM, including RRM applicants, will need to pay a fee to the Agency for collecting, handling, processing and analyzing of information reported by market participants or by entities reporting on their behalf. For further information, see ACERs Requirements for the registration of Registered Reporting Mechanisms.^{4, 5}

4.6 Saving draft

At each step of the registration flow you can save a draft version of the Registration Format and log out to postpone the registration process until all requested information is available.

If you log in again the draft version of the Registration Format will be available to continue the registration process from the position you were at before saving the draft.

4.7 Submitting

After filling in all required fields of the Registration Format, you will be presented with a summary of the information provided, and, on the lower part of the page, you will be asked to confirm that the information provided is true and accurate.

The screenshot shows the CEREMP (Centralised European Registry for Energy Market Participants) registration form. The top navigation bar includes 'CEREMP', 'Home', 'User Profile', '+ Register New MP', 'Association', 'Logout', and 'en'. The main header features the CEREMP logo and the full name of the registry. Below this, a 'Summary data entered' section is visible, with tabs for 'Market Participant', 'Related People', 'Ultimate Controllers', 'Corporate Structures', and 'Delegated Parties'. The 'Market Participant' tab is active, displaying various input fields: Market Participant, Person Type, Legal form, Country, Address, City, Postal code, VAT number, EIC, BIC, LEI, GS1, Website, Publication inside, and Date of validity. At the bottom of the form, a confirmation checkbox is highlighted with a red border, containing the text: 'I confirm that the information being provided herein by me is true and accurate.' Below the checkbox are 'Back', 'Print Preview', and 'Submit' buttons.

Select the confirmation checkbox, then click on “Submit”: after submitting the registration application ACM will be automatically informed about the new registration application.

After submitting the registration application, the following message will be displayed.

The screenshot shows a 'Result' message box. The message text is: 'Your registration request has been submitted to the National Regulatory Authority, you will receive an email at the end of the evaluation process.'

Moreover, you will receive an email like the following one:

Dear 123456,
the registration of the following new market participant has been submitted to the National Authority
##DFT000019
You will receive an email at the end of the evaluation process; please note that until then the registration will not be effective.
This is an automatically generated email. Please do not reply to this message.
CEREMP Information System

Upon receiving the registration application the ACM can:

- Approve the registration application
- Reject the registration application
- Ask for changes to the registration application

You will be informed via email accordingly. If the ACM asks for changes, the registration application will be put back into the draft status and you will be able to edit it again.

If the ACM approves your registration application, you will receive an email with an MP Name and ACER Code relating to the registration you have just made.

4.8 Registering additional Market Participants

You can register additional Market Participants at any time by starting a new registration process. To begin a new registration you should click the button "Register New MP" available on the top navigation bar.

If you register more than one Market Participant, after logging into CEREMP application, you will be presented with a list of available Market Participants to choose from:

5 Viewing, updating or amending market participant details

At any time you can view and edit the five sections (one section at a time) of the MP Registration Format details by clicking on the one of the following menu items:

- “MP” ->“Registration Format” ->“Update Market Participant” (Section 1)
- “MP” ->“Registration Format” ->“Update Related Person” (Section 2)
- “MP” ->“Registration Format” ->“Update Ultimate Controller” (Section 3)
- “MP” ->“Registration Format” ->“Update Corporate Structures” (Section 4)
- “MP” ->“Registration Format” ->“Update Delegated Party” (Section 5)

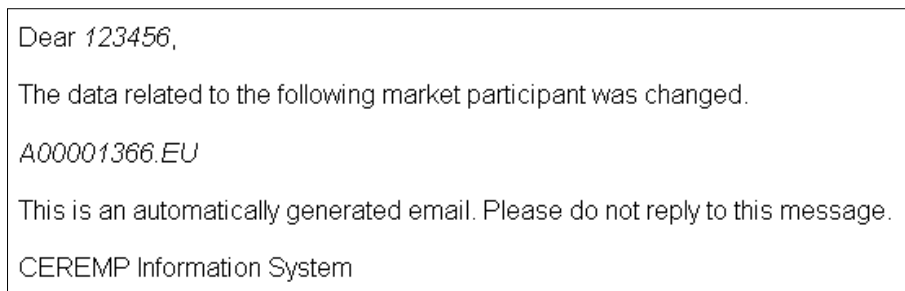

The previous menu items allow the user to modify only one section at a time, but through another menu it is possible change all sections by submitting only one operation:

“MP” ->“Registration Format” ->“Update Entire Market Participant” (All sections).

The information will be automatically updated and, after submitting the update application, the following message will be displayed.

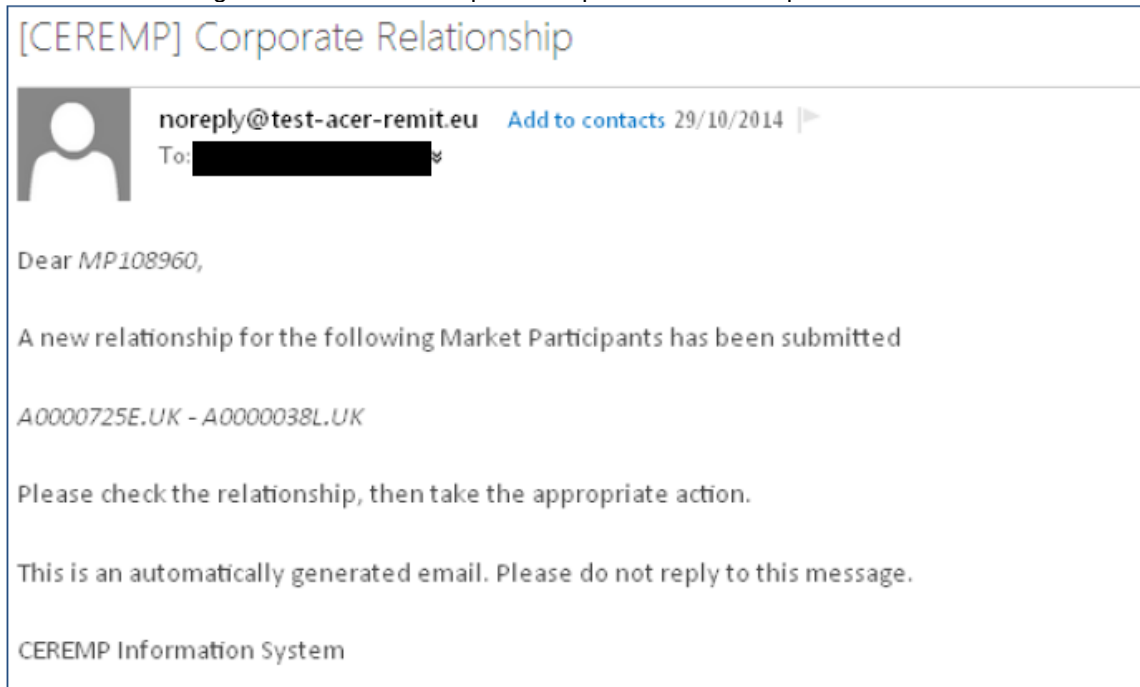

You will also receive a mail like the following one:

6.2 Changing Member State

A registered MP must be registered a second time in the event of a relocation of MP’s headquarters to another Member State. In this scenario you can ask to change the member state of an MP by clicking the menu item “MP” -> “Change Member State”; to complete the request you will have to:

- Choose the new NRA (namely the new Member state)
- Enter a motivation
- Eventually upload an attachment

Concerning the withdrawal of the United Kingdom from the European Union, please see also the frequently asked questions on <https://www.acm.nl/en/publications/brexit-gand-remit-registration-acm>.

Back Reset Save

Upon receiving the request to change member state, the current NRA can:

- Approve the request
- Reject the request

In case of approval, the current MP will be terminated (ACER code will be dismissed) in the current Member State and a new registration (with a new ACER code) for the new NRA will be necessary. Since you requested to change member state for the MP, you will receive an email with details on how to register the MP under the new NRA:

- You will have to complete a new user registration form under the new NRA
- When your user registration will be accepted by the new NRA, you will be able to access a draft registration request related to the MP under the new Member State.

6.3 Deleting market participant

You can delete (or terminate) a registered MP (e.g. due to the fact the company is closed, due to a merger, etc.), by clicking the menu item "MP" -> "Termination".

Please only delete a registered MP once all transactions to ACER are reported.

To complete the request for termination you will have to provide the following information:

- A termination motivation
- A document proving the statement of termination (optional)

Upon receiving the request for termination, ACM can:

- Approve the termination registration request
- Reject the termination registration request

In any case, you will be informed accordingly.

6.4 Viewing historical changes

You can view a list of previous changes to a market participant's registration details. Log in, select the relevant market participant, go to "MP" and then "Historical report". You will see the this page:

You can download the entire list as an excel file.

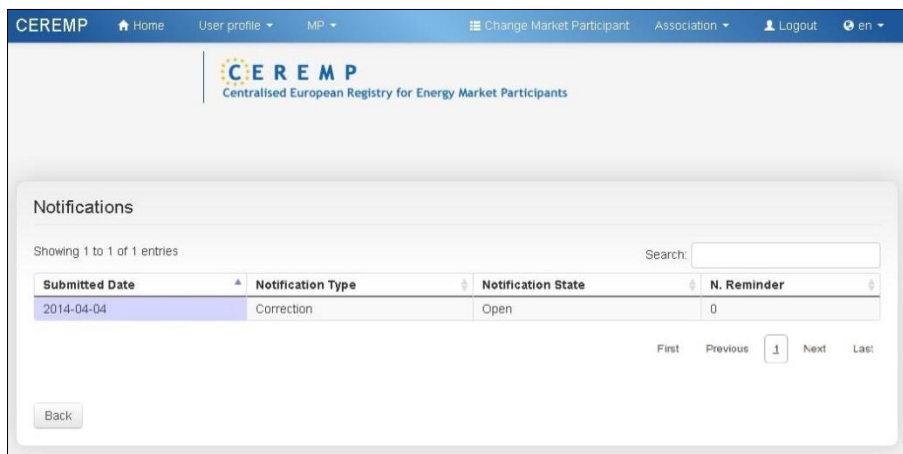

By clicking on a row from the list of items, you can obtain details of the MP information that were active at the selected amendments date time.

6.5 Correction Requests from ACM

At any time ACM can ask you to amend a Market Participant registration; in this case you will be notified by email; when you select the corresponding Market Participant from the list of available MPs (if more than one are associated to your account), a pop-up window will be displayed:

To open the correction request sent by the relevant NRA, you should click on “Details”. The following page will be displayed:

To open the notification ticket you should click on the corresponding table row; a page containing the list of corrections requested by ACM will be displayed:

The screenshot shows the CEREMP user interface. At the top, there is a navigation bar with 'CEREMP' logo and 'Centralised European Registry for Energy Market Participants'. Below the navigation bar, the page title is 'Notification Details'. A message states: 'You must fix the errors in the following table'. Below this, it says 'Showing 1 to 6 of 6 entries'. There is a search box. The main content is a table with three columns: 'Field name', 'Section', and 'Suggestion'. The table contains six rows of error notifications. At the bottom right of the table area, there are navigation buttons: 'First', 'Previous', '1', 'Next', and 'Last'. At the bottom left, there is a 'Back' button, and at the bottom right, there is a green 'Rectify' button.

To proceed with the corrections request you should click the “Rectify” button.

Each Section (1, 2, 3, 4 and 5) of the MP Registration Format will be displayed and you will be able to amend the information according to the requests made by ACM.

Having made the amendments, the registration format shall be updated immediately.

6.6 Other Important Notices

6.6.1 Multi-Tab Warning

CEREMP application prevents any inconsistent data situation, or transferring incorrect personal data on its users, for example during an update or a new registration. For these reasons during the use of the application, it's not possible open more tabs in the same browser. The system locks any type to improper use of platform by displaying of the following message:

"Sorry, this operation is not allowed.

Probably you are using a multi tab into browser. Close this tab to avoid problems

If the problem persists, please login again".

Therefore, a screen as the following one will be displayed and in order to continue to use CEREMP system will necessary to log out and log in again in the application:
