Dear GA members and observers,

I have not received any expression of interest in being a panellist for this plenary panel at the WFER. If you are interested, **please let me know by the end of the day today**. Otherwise, this panellist role will be given to a regulator from another association, as the WFER organisers are finalising the programme. Please note that the panel will start at 14:30, not 16:30.

Kind regards,

From: [REDACTED]

Subject: WFER panellist needed

Dear GA members and observers,

We are searching for a replacement CEER panellist for the 8th World Forum on Energy Regulation. The panellist is needed for the plenary panel "Building a Next-Generation Mix of Energy Resources" to take place Thursday, 24 August at 16:30 (Lima time). See the programme here for more details on the topic: <https://www.wferperu2023.com/program> The organisers would like another CEER representative, and if possible, a woman to maintain overall gender balance. **Please let me know if you are interested at your earliest convenience.**

Also, I would like to take this opportunity to inform you, on behalf of Ei, that for those arriving to the GA venue in Stockholm early on 24 May, there is a bistro on site at No18 Grand Central that opens at 11:30.

Kind regards,

[REDACTED]
