

# **First amendment of the Core CCR TSOs' methodology for splitting long-term cross-zonal capacity**

in accordance with article 16 of the Commission Regulation (EU)  
2016/1719 of 26 September 2016 establishing a guideline on forward  
capacity allocation

**Whereas**

TSOs of the Core CCR (“Core TSOs”), taking into account the following:

- (1) Core TSOs submitted a proposal for the Core TSOs’ Long-Term Splitting Methodology 14 May 2020, that was elaborated to be in line with the expected NTC based long term capacity calculation approach;
- (2) ACER Decision No 14/2021 of 3 November 2021 approved the long-term capacity calculation methodology with flow-based calculation and allocation;
- (3) According to the developments on Core Long-Term Capacity Calculation Methodology, Core TSOs’ Long-Term Splitting Methodology that was approved by Core NRAs 12 August 2020 need to be amended to be compliant with Long-Term flow-based calculation and allocation;
- (4) The first amendment of Core TSOs’ proposal for Long-Term Splitting Methodology was publicly consulted from 20 July 2022 until 21 August 2022 in accordance with article 6 of the FCA Regulation;

developed the following amendment to the Core TSOs’ Long-Term Splitting Methodology:

## **Article 1**

### **Changes to the splitting approach for AC interconnectors to be compliant with long-term flow-based capacity calculation and allocation**

1. Article 3. Splitting Approach for AC Interconnectors shall be amended accordingly:

a) Paragraph 1 shall be replaced and be read accordingly:

“ (1) In case of high voltage alternating current interconnectors, eighty percent of the Remaining Available Margin by Critical Network Elements and Contingencies resulting from the yearly capacity calculation in accordance with article 10 of the FCA Regulation will be offered to the subsequent yearly capacity allocation session at the Single Allocation Platform.”;

b) Paragraph 2 shall be replaced and be read accordingly:

“ (2) Remaining Available Margin by Critical Network Elements and Contingencies resulting from the monthly capacity calculations in accordance with article 10 of the FCA Regulation, reduced by those capacities already allocated to the yearly timeframe and increased by returned capacity from the yearly time-frame, will be offered to the subsequent monthly capacity allocation sessions at the Single Allocation Platform.”
